PERSONAL STATEMENT

Driven and motivated third-year student at the University of Otago, completing a Bachelor of Commerce and Science degree, majoring in Finance and Computer Science. I take pride in my problem-solving abilities, leadership skills, and strong work ethic, and am committed to continuous learning and development. I have demonstrated this through my strong academic record and success in various work experience roles. The combination of academic studies in Finance and Computer Science provides me with a unique perspective, enabling me to draw from a broad range of analytical, technical and financial learning to deliver practical solutions. I am looking to apply my passion and energy in the real world and am seeking an intern role where I can contribute meaningfully to an organization and start to develop my professional career.
